

WILSON WINS

**Democracy Comes Into Her Own Again,
After 16 Long Years of Wander-
ing in the Wilderness.**

LANDSLIDE ALL OVER NATION.

New York, N. Y., Nov. 6. 2 A. M.
—Woodrow Wilson, governor of New Jersey, has carried the democratic banner to victory in a presidential race for the first time in 16 years. And in doing so, he has been swept into office on a democratic tidal wave, carrying such rock-ribbed republican states as New York, Massachusetts, Maine, Indiana, Iowa, Oregon, Ohio, and of course the solid south.

The fight between Roosevelt and Taft for second place promises to be very close, with Roosevelt apparently leading, and certain to have the larger number of votes in the electoral college.

So far it seems that Taft will have but eight electoral votes. The majorities by which the larger and more important states were carried were as follows:

New York—Wilson by 150,000
Illinois—Roosevelt by 75,000.
Massachusetts—Wilson by 60,000
Oregon—Wilson 10,000.
Maryland—Wilson by 14,000.
Indiana for Wilson by 90,000.
Ohio for Wilson by 50,000.

At midnight President Taft conceded the election of Wilson.

Roosevelt sent this telegram of congratulation:

"The American people, by a great plurality, have conferred upon you the highest honor in their gift. I congratulate you thereon."

"THEODORE ROOSEVELT."

Indications are that Wilson will have over 400 votes in the electoral college. 266 are sufficient to elect.

The only Eastern states Wilson failed to carry are Vermont and Rhode Island with New Hampshire now in doubt, and Pennsylvania claimed by both Wilson and Roosevelt.

Some Election Flashes

Philadelphia, Pa., voted Wilson 11,280; Taft 21,387; Roosevelt 11,291; Omaha, Neb., gave Wilson 1,687; Taft 1,019; Roosevelt 847; Des Moines, Iowa: Wilson 1,591, Taft 1,368; Roosevelt 2,161.

The New York Sun says that indications are that every democratic congressman has been elected in New York state, the first time, the democrats have ever gone strong above the Harlem River. The New York Sun says that Wilson has carried Kansas, 650 precincts out of 1,102 in Boston give Wilson 66,549; Taft 76,286; Roosevelt 69,754.

292 precincts out of 3,172 in Indiana give Wilson 39,345; Taft 10,836; Roosevelt 23,117.

Dunne, the democratic candidate for governor of Illinois, appears to have carried the state by about 40,000.

Augusta county, Virginia, in which is located Staunton, the birthplace of Wilson, polled this vote: Wilson 6,329; Taft 287; Roosevelt 203.

Wilson's majority in Rochester, New York, is 900.

Georgia gave 35,000 majority for Wilson.

Roosevelt is running second to Wilson in Maine.

Sulzer, the democratic candidate for governor of New York, won by a splendid majority.

Hartford Conn., polled: Wilson 47,437; Taft 41,543. Roosevelt 21,510.

Detroit, Mich., voted: 8,119 for Wilson; 6,141 for Taft; 8,142 for Roosevelt.

Richmond, Va., voted Wilson 3,114; Taft 172; Roosevelt 142.

Arizona, the new state, gave a large Wilson majority.

Scattered returns indicate Roosevelt has carried South Dakota by a small majority. The democratic candidate for congress is slightly in the lead.

The entire democratic state ticket is elected in Ohio.

The New York Herald says Roosevelt has apparently carried Pennsylvania by about 15,000 with Wilson second.

Wilson carries California and the Progressives give it up.

The Cincinnati Times-Star, owned and edited by Chas. P. Taft, a brother of the president, says it appears to have been a Wilson landslide.

Balston, democrat, appears to have won as governor of Indiana, running along with Wilson.

Foss, democrat, was re-elected governor of Massachusetts by a large majority.

Roosevelt appears to have carried South Dakota, and Vermont is believed to have been carried by Taft.

Washington democrats claim that state for Wilson.

At midnight additional returns had cut down Taft's lead in New Hampshire to 29 over Wilson with several precincts yet to hear from.

The first vote from California was from Los Angeles and showed Wilson 7,067, Taft 197, Roosevelt 6,541. In San Francisco the first vote reported was Wilson 108, Roosevelt 56, Sacramento Wilson 92, Roosevelt 6, San Diego Wilson 141, Roosevelt 108, Taft 6.

Louisiana's democratic majority was 40,000 with Roosevelt second. Wilson's majority in Ohio will be over 50,000.

The New York Sun says Wilson carries Tennessee and Kansas.

Progressive leaders are claiming Illinois, Michigan, Wisconsin and Iowa for Roosevelt.

Wilson leads in Nebraska with Roosevelt second.

A dispatch from Boise, Idaho, says Taft leads by a slight margin with Roosevelt second.

Swager Shirley wins for Congress again in the Louisville district but his Progressive opponent, Fox, gave him a close call. The vote was Shirley 24,908, Fox 23,211 and Ashcraft, republican, 3,706.

Colorado went for Wilson by 120,000 to 78,000 for Taft and 75,000 for Roosevelt.

Seltsam—Cash

Miss Freda Marie Seltsam, daughter of the late Mr. and Mrs. William Seltsam, and Henry Clark, of the Parkville section were married in Harrodsburg last week at the residence of Eld. S. H. Jones, who pronounced the marriage ceremony. Miss Cordie Cozatt and Mr. John Seltsam were the attendants. The groom is a prosperous young farmer of splendid habits, industrious, and has a host of friends, while his bride is one of the most attractive girls of that community.

TWO MORE AUTOS

Arrive in Stanford for W. K. Warner and W. A. Tribble.

The first 1913 Ford auto to arrive in Stanford was bought by W. Warner last week from W. E. Glover the local agent. It has many improvements over the older models and is a trim, neat little car. Several other Lincoln people are said to have orders in for this popular machine.

Judge and Mrs. W. A. Tribble joined the ranks of the autoists last week when they purchased a Cartercar, a new model in this section, but said to be a good car.

Boyle, Lincoln and Garrard go for Gaines for insurance. 89-1

Caswell Saufley Promoted

The Frankfort State Journal says Ensign Caswell Saufley, U. S. N., who since his graduation from Annapolis, has been on the U. S. S. Kansas, has been transferred by the Navy Department to the torpedo boat Perry, the change to take effect at once. This transfer is a promotion, since he will be in command of the boat, and will be stationed in New York. Mrs. Saufley who has been visiting her parents, Judge and Mrs. E. C. O'Rear, in Frankfort, will join him after the Hobson-Carroll wedding, and they expect to take an apartment. Ensign Saufley had expected to come on for the wedding of Ensign Carroll, but owing to the unexpected change, will be unable to attend.

Maupin Trial in May.

Floyd Byrd, the eminent prosecutor of feudist fame, and Smith & Smith of Richmond. Representing the defendant were Hon. J. Tavis Cobb, J. A. Sullivan, Messrs. C. C. and Y. L. Yallace, and John Noland, of Richmond.

Wilson carried Lincoln by a big majority but the biggest surprise of the election in Lincoln county was the vote polled by Roosevelt here. It was conceded on all sides that Wilson would carry the county over both his opponents. Few of the leaders for the Bull Moose were sanguine enough to venture a prediction that Roosevelt would run ahead of Taft in Lincoln, but that's just what the big Bull Moose did. He lacked only three votes of getting a cool thousand, while Taft had to be content with 833 giving Roosevelt a majority over Taft in this county of 164 votes. Out of the 13 precincts in the county Roosevelt carried eight to Taft's five.

Wilson's plurality in the county is 887, and his majority over both candidates, is 34, which is considered exceptionally good when it is considered that the local democrats had not a cent with which to finance their campaign.

A warm magisterial race in the two Crab Orchard precincts was won by Marshall C. Newland, the democratic nominee over W. R. Dillion, Jr., who ran under the cabin. Newland's majority in the two precincts being about 52.

In the Hustonsville Magisterial district the stock law seems to have been defeated, but it was impossible to say definitely last night as the returns in this race were not fully reported.

Congressman Harvey Helm was given a splendid vote of endorsement in Lincoln, but the complete returns in his race were not reported, he running slightly ahead of the national ticket, however.

In the Eighth Congressional district Helm's majority over Dismore, his Progressive opponent, will be over 12,000. The complete vote for the presidential ticket in the Eighth district is given below:

Josiah Bishop's Sale

A big crowd attended the sale of Josiah Bishop near Hustonsville last week, and some extra nice stock was offered. The farm did not sell, being withdrawn at \$79 an acre. Capt. T. D. English cried the sale, the following being some of the principal sales:

Registered sorrel mare to R. S. Scudder and W. B. Burton \$200; her colt by Dignity Dure sold to Scudder and Burton \$100.

Black 7 year old mare, Frank North \$199.

Three year old saddle horse, W. J. McWhorter \$136.

Two year old Chester Pennine horse, Gordon Montgomery, of Casey \$130.

Four year old gelding, W. B. Burton \$151.

Sorrel mare, Tom Helm \$87.

Mare mule colt, R. S. Scudder \$87.

Mare mule colt, John Hood \$100.

Horse mule colt, John Hood, \$75.

Jersey cow, John McCormack \$62.25.

Seven weanling steers, Powell & Depp, at \$24.75 a head.

Two Jersey heifers, J. T. Farria,

one at \$30 and one at \$25. Bunch of ewes, to Bob Ford, at \$5.60 a head.

Judge Hughes Closes Fight Here.

According to arrangement, Judge John W. Hughes, of Mercer county, came to Stanford and spoke at the democratic rally held at the court house. About 350 of the faithful gathered to hear the Judge and were well repaid for their coming. They gave him rapt attention and his frequent bursts of eloquence brought forth rounds of applause, while the forceful and lucid explanation of the high protective tariff and its evils showed the though which the speaker had given to his subject. His arraignment of the administration at Washington was replete with sarcasm and the inconsistency of the Bull Moose movement was shown up in all its phases. Numerous and well told jokes kept the crowd in a jolly humor, and when the close of his timely effort many people came forward to shake his hand and thank him for coming to Stanford in the final rally for the democratic ticket.

TAXATION OF PUBLIC SERVICE CORPORATIONS.

Goebel Demands Adequate Counsel Be Employed to Push Suits—McCreary's Statement

The question of adequate taxation for the big corporations, which do business in Kentucky, is receiving considerable attention just now. Justus Goebel, a brother of Kentucky's martyred governor, is making a fight to have the ideas which were fathered by his brother, twelve years ago—that of making the corporations bear the chief burden of taxation—carried into effect now. Mr. Goebel has written an open letter to Gov. McCreary, the other state officials, and the people at large, setting forth his views about the matter. Gov. McCreary has also issued a statement in regard to the matter, both of which are given below:

October 31st, 1912.

To His Excellency, Governor James B. McCreary: To all Administrative and Legislative officers of the State and to all citizens of the Commonwealth who are interested in equal and uniform taxation:

"Tell my friends to be brave and fearless and loyal to the great common people."

These last words of my assassinated brother, William Goebel, have a sacred significance to me and when in September, 1909, I again commenced to take an active interest in our State's affairs, it was not to gain political favor, for there is no office I would have; but it was with hope and confidence that my work would, during the administration of the present state officers, open up an opportunity for Kentucky to take up William Goebel's work where the assassin's bullet had interrupted it, and in that event every department of our government would give thereto by voice and action most positive, vigorous and loyal support.

Relief Must Come.

Necessity for action in the interest of the people has grown as years have passed until it has developed into what is today a crying shame and from which relief must come.

Too long, altogether too long, has there been unjust discrimination against the people, unjust and burdensome taxation upon the people, as compared with what has been required to be paid by the big corporations of our State. Corporation lawyers have boasted said the death of William Goebel was a benefit to the corporations. If this was true, the question is, how much longer shall the people be held in bondage because of his death?

God knows the corporations now suing the State have been able to procure (and the word procure is used advisedly) immunity long enough from paying their just share of the taxes.

A hundred million dollar increase in the value of corporation property for taxation opens a new era in the State's affairs, and has awakened the people, and brought them to a realization of what has been done to them, and there will be a further awakening, which will correct abuses equally as great as unequal taxation. A true awakening of the people has come, and henceforth every man who would hold office must be a progressive, and no limitation will satisfy them; they will sweep aside and into oblivion as old chaff any man who hesitates or dares stand in the way of betterment of conditions and improvement in every way for the whole people.

Gross Undervaluation.

No one doubts, had William Goebel been permitted to live, that which was done last month by the Board of Valuation and Assessment would have been done more than a decade ago, and today, instead of the large corporations fighting in the courts and by sinister methods, endeavoring to perpetuate unjust and unequal taxation, to throttle the action of this State Taxing Board, the first to act fully in the interest of the people, they would long ago have been paying into the State, county and city treasuries their just proportion of taxes.

It is very evident that in Kentucky, as in other States, big corporations will never pay a cent more of taxes than they are made to pay. Take the case of the C. & O. R. R. In 1911 this road, on its entire system in Kentucky, paid taxes on a total valuation of only \$9,313,270, whereas the street railway company of the city of Louisville was made to pay on a valuation of \$10,000,000. The C. & O. R. R. in 1901 paid taxes on a franchise valuation of only \$2,171,189, and in 1911 on a valuation of only \$2,743,350, whereas the Board found their 1912 assessment should be \$18,798,630. The C. & O. R. R. in 1901 paid taxes on a franchise valuation of only \$4,510,320, whereas the Board found their 1912 assessment should be \$14,746,857. The L. & N. R. R. in 1901 paid taxes on a franchise valuation of only \$5,504,879, and in 1911 on a valuation of only \$11,899,200, whereas the Board found their 1912 assessment should be \$45,428,074.

The Covington companies in the past paid a little, proportionately, as did most of the above mentioned companies, and without exception all these companies and the two others suing wanted the same assessments for 1912 that they had in 1911. The

JUSTUS GOEBEL.

GOV. J. B. MCCREARY.

Kentucky Delegates From State at Large to DEMOCRATIC NATIONAL CONVENTION, BALTIMORE, JUNE, 1912.

Board of Valuation and Assessment based their 1912 assessments on convincing proof of values placed before them, and the assessments are uniformly just and fair, and of the more than four hundred corporations assessed, only seven have protested in the courts, and these are among those that have always proportionately paid the least.

In the last twelve years the State, counties and cities have been robbed, and the word robbed is the only word that fits the case, of more than ten million dollars in taxes.

In the years from 1902 to 1911, inclusive, a period of ten years, there has been an average increase in the franchise assessments of the four largest railroads of the State of only 1 1/2 per cent yearly, and this almost unbelievable record of astonishingly small increases was made in the ten best years for earnings that the railroads of this country ever saw.

The picture here presented of the previous inadequate franchise assessments is astounding, but when one examines into the situation regarding the tangible assessments made by Railroad Commissions of the properties of six of the corporations now suing the State, the word "astounding" is inadequate and must be supplanted by the word "dismal" to state more correctly what the tangible assessment picture actually presents.

Work is Delayed a Decade.

Take the case of the C. & O. R. R. and the records show that the tangible property of this company in 1895 twenty years ago, was assessed a \$8,019,577. In 1911 notwithstanding the extensions made in mileage or road, double tracking of a vast system, acquiring much new real estate and probably more than doubling their equipment of engines and cars this company's tangible property was assessed at only \$6,270,270, or 21 1/2 per cent less than in 1895, twenty years ago.

In 1892 the market price of C. & O. stock was around 11 cents, and today the stock of this company is selling at 8 1/2 cents, and the capital stock has been increased to one hundred million dollars. Further comment to show that our state has been robbed is unnecessary. The tangible property of the C. & O. R. R. in 1911 was assessed in 1900, and but little more than in 1890, notwithstanding the great improvements made by the company. The other railroads have been similarly inadequately assessed on their tangible property for many years.

In May, 1910, a prominent official of one of the companies suing, stated that the special interests had in years past controlled the state's taxing boards, and the records apparently prove he told the truth in that instance. He also stated that he would control the present Board of Valuation and Assessment, but in this he has proven an ignominious failure.

Road Acts For People.

To date the people have won, and the Board of Valuation and Assessment, consisting of Henry M. Bosworth, chairman; Tom S. Rhea and C. F. Creelias, has finished its work for 1912, and thank God, for once it has acted in the interest of the people.

Until this year the Board of Valuation and Assessment has been controlled in the interest of the big corporations by some hook or crook, either friendship, political favor rendered or to be rendered, bribery or intimidation, but never before has the state county or city been given what it was rightfully entitled to.

The eight suits that have been brought against the state must be fought through all federal and state courts, and are of vital importance to our people. They involve for the state \$382,389, and for the county and city taxing districts \$823,396, or a total, annually, of \$1,205,785.

Master Legal Minds.

Among the master legal minds that are already engaged in preparing the defense of the suing corporations are Trabue, Dolan & Cox, of Louisville, for the Cincinnati, New Orleans & Texas Pacific Railroad Company; John T. Shelby & Son, of Lexington, for the Chesapeake & Ohio Railroad Company; Col. Henry L. Stone, Helm Trace, C. H. Moorman, R. A. Colston, of Louisville, and Browder & Browder, of Russellville, for the Louisville & Nashville Railroad Company; Beckham & McQuown, of Frankfort, and Ernst, Cassatt & Cottle, of Cincinnati, for the South Covington & Cincinnati Street Railway Company and the Tulton Light, Heat and Power Company; Maxwell, Ramsey & Graydon, of Cincinnati, for the Adams Express Company and for the Southern Express Company.

In addition to this galaxy of legal talent, the suing corporations have a vast army of busy workers who never appear in the limelight or in the court room, and they may be described as research lawyers, accountants and statisticians, who are a mighty supportive element to the men who will present the cases and make the pleas and arguments.

Without detracting one iota from the splendid ability and known loyalty to the state's interests possessed by the attorney general, James Garnett, and his three assistants, the common wealth's legal force, as compared with that of the corporations, must seem inadequate, indeed; and when it is taken into consideration that the attorney general's office has a multiplicity of cases and matters of state to fully employ their attention, and that the present situation comes in the nature of an emergency unforeseen and unprecedented in the state's history, the urgent necessity for the employment of other able lawyers as a supportive force to the attorney general becomes quite apparent.

Ability, known loyalty to the cause and assured freedom from corporation taint should be the gauge to govern in the selection of attorneys to assist in the defense of the state's interests.

Justus Goebel's Interest.

My interest in the work just completed by the board was, and is, different from, and greater than, that of any man in Kentucky or elsewhere—even though he may have been connected with the work. Love of my state and love for and memory of my assassinated brother, whose brain work constructed and whose blood stained the statutes which under it possible to do what the Board of Valuation and Assessment has just completed, have compelled me to the service I have rendered in the matter, and without official duty resting on me, I have given untiringly and almost constantly more than five months of time and energy and study to these assessments in the interest of the state and the people, to the exclusion of every other interest—business and personal.

Therefore, with such an interest and with the knowledge that I have gained through my labors, I feel that I am qualified, amply qualified, to make an appeal, in the name of the 400,000 taxpayers of the state who furnish seven eighths of the revenue for the state's government, and who for many years have withstood the burden of unequal taxation, to the administrative and legislative officers of the state to support the governor with unlimited means for the necessary defense of the people's interest and cases.

There are men who have said in places that in the employment of Attorney John L. Rich the state had gone far enough, but to such men I would say, "Is your only interest the welfare of the people, and have you proven that there is no other interest that is greater with you than the people's interest?"

Every Citizen Interested.

We have been, and are, dealing in this with a matter which is vital to, and affects the comforts of every home, no matter how humble, and the pocketbook of every taxpayer in the commonwealth, be he laborer, mechanic, farmer, merchant or of any other rank or station. All have their interest in what we have been fighting for—more nearly equal taxation and relief from corporation oppression.

The question is, shall the cause of our taxpayers be defended at the bar of justice by an army of counsel of

the correct standard and in keeping with the greatness and importance of these cases, which involve, not only \$1,205,785 this year, but millions upon millions in years to come, and if the assessments are upheld, mean to this generation and generations yet unborn in Kentucky, lesser tax to pay, and to the state adequate revenue for every purpose of government, economically conducted.

"Most respectfully yours,
"JUSTUS GOEBEL"

The Governor's Statement

The Governor's statement follows: "The letter of Mr. Justus Goebel, addressed to me and to all administrative and legislative officers of the state, and to all citizens of the Commonwealth who are interested in equal and uniform taxation, has been published generally in the newspapers and contains valuable information and important suggestions. "He was present at the meetings of the Board of Valuation and Assessment, which occupied about five months and must be well informed on the subjects to which he refers."

"The Board of Valuation and Assessment, consisting of Henry M. Bosworth, State Auditor, Thomas S. Rhea, State Treasurer, and C. F. Creelias, Secretary of State, did their work well and faithfully."

"All persons who have made proper investigation know that corporations in Kentucky have not been paying their just proportion of the taxes, and there has been unjust and burdensome taxation upon the people as compared with what has been required to be paid by the large corporations of our state."

"I am opposed to discrimination, and believe that taxation should be uniform, and the corporations and the people assessed and taxed justly and fairly."

"In my message to the last Legislature, I recommended the passage of eight important bills, and all were enacted into law except the public utilities bill, which gave the governor authority to appoint an assessment and valuation commission to do what the existing Board of Valuation and Assessment has done; but as the members of that board had not under former administrations been active, I had no knowledge that the existing board would be active until I was assured by the members that they would do their duty and be just and fair, and the public utilities bill was not passed."

"The existing Board of Valuation and Assessment based their 1912 assessment on evidence of the values placed before them at great length, and I am sure they have presented what they believe, after careful examination and conscientious proof, are just and fair assessments; and of about four hundred corporations assessed, only eight have protested in the courts."

"The eight suits that have been brought against the State may be contested through the Federal and State courts, and are of great importance to the people and the State treasury. They involve for the state about four hundred thousand dollars, annually, and for the county and city taxing districts about eight hundred thousand dollars annually, or a total of about one million two hundred thousand dollars."

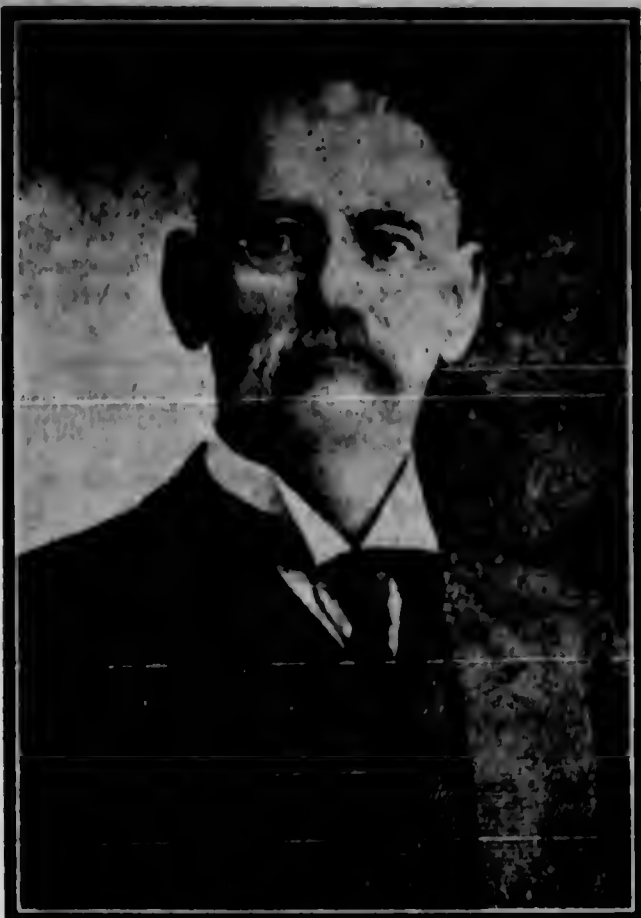

"When the present administration came into effect, less than one year ago, the State's indebtedness was more than one million dollars. With just and fair taxation the debt of the State would soon be extinguished, and I regret that important and powerful corporations are resisting the action of the Board of Valuation and Assessment and endeavoring to perpetuate taxation which their own admissions show to be unjust and unequal."

"If the corporations, which have instituted suits, persist in their efforts, the State of Kentucky and the cause of the taxpayers should be defended in the courts by counsel in every way well-equipped, and by all the attorneys that may be needed to meet and cope with the many able attorneys who have instituted the suits."

"I have perfect confidence in the State's interests, of Attorney General Garnett and his three assistants and also in the able and well-equipped attorney, Mr. Rich, who, by request of the Attorney General, in writing, I have employed; but I will be pleased to appoint another attorney, or two others, if the Attorney General, in writing, should ask me to do so, as under the law, I cannot employ counsel to represent the state without his request."

AFTER FISCAL COURT

Alverson Shows Up Irregular Conditions in Anderson.

Lawrenceburg, Ky., Nov. 4.—Editor J. M. Alverson, of the Anderson News, is opening the eyes of the people of Anderson county to an extraordinary state of irregularity that has existed in the management of the fiscal affairs of county for the past eight years or more. In the last two issues of his paper he has reproduced claims allowed by the Fiscal Court seen to show that every member of the body has for years trampled the law under their feet and been interested in contracting for the county, being beneficiary of claims against the county, favoring a certain company in letting out bridge contracts for structures that, it is said, were not especially needed, acting as "special commissioners," etc., all in direct opposition to Section 1844 of the Kentucky Statutes, which says:

"Member not to be interested in contract with county—penalty. No member of the Fiscal Court shall be interested, directly or indirectly, or be concerned in any contracts for work to be done or material furnished for the county, or any district thereof, nor purchase or be interested in any claim against the county or state. Any member of the Fiscal Court who shall violate the provisions of this section shall, upon conviction, be fined not less than five hundred nor more than five thousand for each offense."

The News hails the County Judge and County Attorney, as members of the court over the coals for sitting idly by and letting the magistrates proceed thus unlawfully without a semblance of a protest. He supports his statement with figures to show that the county is now in debt for building new turnpikes \$41,500, and says that if the same conditions exist in the next three years as have in the past three there will be an indebtedness amounting to over \$100,000. In plain, straightforward and manly statement of facts, he tells of the existing conditions and calls on the taxpayers to clean out the court from stem to stern.

The court is made up as follows: County Judge, Wilkes H. Morgan; County Attorney, Frank L. Ripy; Magistrates, Cliff Mothershead, J. C. Crawford, Chas. Catlett, Lloyd Simpson, Hardin Slattery and Ben Story.

A Sick Man

S. B. Hartman, M. D.

Writes Dr. Hartman: "I am writing you about kidney disease. A gentleman writes me: 'I was greatly interested in your article describing the Kaufman case of serious disease of the kidneys. The description of his case exactly outlines my condition. I am sure if Peruna cured him as you say, it would cure me also. I am losing flesh rapidly and the doctors say I have every symptom of Bright's disease of the kidneys. If you think I would be benefited by Peruna I will certainly try some as the doctors have practically given me up, the same as they did him.'"

In reply I wish to say, first, that I never make any promise as to what Peruna will cure. No physician can make positive statements of that sort. I can say this much, however, if I were in your place I should certainly give Peruna a trial. I know of no other remedy that would be so likely to be of use to you in your present condition. Peruna. Take a tablespoonful before each meal and at bedtime. Continue this for two or three weeks and then if there is anything you wish to ask me further write me and I will give your letter prompt attention."

If I find that Peruna is not helping you I will be perfectly frank and tell you so, for I would not have you take Peruna unless it was really helping you. But it has rescued so many cases of kidney disease that I am quite confident you will find it exactly suited to your case. Kidney disease begins with catarrh of the kidneys. Peruna is a catarrh remedy. Unless the destruction of the kidneys is already too great Peruna relieves the catarrh and the cause of the kidney disease is removed. I shall anxiously await a report of your case. Remember, all letters are sacredly confidential. I never use any one's name or address without his written consent. My correspondence is absolutely private. PERUNA IS FOR SALE AT ALL DRUG STORES. SPECIAL NOTICE—Many persons are making inquiries for the old-time Peruna. To such would say, this formula is now put out under the name of KA-TAR-NO, manufactured by KA-TAR-NO COMPANY, Columbus, Ohio. Write them and they will be pleased to send you a free booklet.

Judging from the interest taken in the articles that have been published and the comment heard on all sides the people are with Alverson in his fight, and are demanding that a cleanup be made.

21 Converts Baptized at White's Mill After Revival.

Preachersville, Nov. 4.—At one o'clock, P. M. Wednesday last, an immense throng were gathered on the banks of Dick's river at White's Mill to witness the baptismal rites administered to 21 candidates, converts who professed religion under the eloquent, irresistible, soul-rending sermons delivered by Rev. E. B. English in the revival just closed at the Baptist church. A revival which will be long remembered as one of the most fruitful ever held at this place. At the water's edge when the invitation was given, two came forward and were received and baptized. Besides the 21 by baptism and two re-baptisms, there were also nine others who made the good confession.

Mr. J. J. Thompson who has been so ill for some few days is reported better.

Mrs. J. B. Currie, of Garrard, who has been in the Norton infirmary in Louisville and has since been moved to the home of her parents, Mr. and Mrs. B. T. Lunsford here, is able to sit up a little.

Mrs. Susan Edmiston visited Mrs. Susan Cross.

Miss Carrie Naylor, who was severely shaken up by being struck by a running horse while on her way to church one evening last week, is able to be out again and is the recipient of much congratulation on her miraculous escape from serious or fatal injury.

Mrs. Jane Bell has been a guest of Mrs. Evan Foley.

Our Governor has set apart Nov. 13th, in a special proclamation, as Arbor Day. The public schools are expected to observe the day, plant trees and have appropriate exercises. That the planting of tree is a laudable enterprise, combining present patriotism with future utility, none can gainsay. This would be a fine time for the trustees, the parents and all friends of education to meet and assist the children in their efforts, become better acquainted with modern educational methods and last but not least, assure the teacher of your approval and hearty cooperation.

Saturday and Sunday Nov. 9th and 10th Rev. Cornelius will fill his pulpit at the Baptist church. On the first named day, Bro. ducted Sunday school is a power for good in any community and a necessary adjunct to any church wishing to advance the interests of the cause of Christ. By all means start a Sunday school, too many of our youth are using the Lord's Day as a day of pleasure and idleness, and Sunday is doubtless one of Satan's busiest days.

Winter is coming on in earnest. We would urge the immediate necessity of action on the part of our school trustees, the state over, in looking after coal or other fuel used at their school houses and see after the windows, doors and shutters. Boreas' wintry blasts will soon benumb the teachers and the little folks. A little work on the part of those officials might save doctor's bills, for draughty school houses are not considered sanitary. At one school house, not a thousand miles from where we sit, 15 window panes on one side of the house are out; pupils Friday complained of cold. Plenty of fire but too much ventilation. A can of putty, the needed lights, a little elbow grease and what a beneficial change. Then shutters properly hooked back stops destructive slam bangs and the continual nuisance of their bumping with every passing breeze.

Supurb Service on Q. & C.

Official announcement has been made by Mr. W. A. Beekler, General Passenger Agent of the Q. & C. Route, of very material improvement in the Florida service for the coming season. An entirely new through train moderately appointed will be put into operation between Cincinnati, Ohio and Jacksonville, Fla., on Sunday, November 24. The new train will prove a great convenience as it serves the traveling public along the route at entirely different hours from the rest of the trains. This new special Florida train will leave Cincinnati daily at noon and will make the trip in twenty-four hours. On the return trip the train will reach Cincinnati daily at noon. The precise schedule has not yet been officially announced. Dining cars serving the best products of the market will be provided for the entire route. On the same date as above the "Florida Special" will also be put into operation. It will leave Cincinnati daily at 8:10 P. M. And as usual the "Cincinnati-Chicago Limited" will leave Cincinnati daily at 8:15 A. M. This will give three of the finest trains in the nation to Florida traffic. This superb service has been provided in order to take care of the greatly increased passenger travel to the sunny south during the bleak winter months in the north. It might be stated in this connection that the Queen & Crescent Route is offering very reasonable tourist rates to Florida thereby giving opportunity for those of moderate means to realize along with the wealthy the joys and healthgiving advantages of the land of flowers. Any ticket agent will gladly give full details as to schedule and rates.

No Hope for Harvey.

When it comes to winning a political race, Harvey Helm has no equal, but we are inclined to believe he has lost out in the matrimonial race. In last issue of the Stanford Journal he advertised for sale several homes. So we presume there's no hope for Harvey. He'd make a splendid bargain for some woman wanting to take a boy to raise.—Danville Messenger.

Jesse Alverson is showing up the Anderson County Fiscal Court in a way to open the eyes of the taxpayers who were ignorant as to how their money was being spent. The law requires that all fiscal courts shall publish a statement, showing where every dollar of the people's money goes, but some fiscal courts do not do so. The people of Anderson county are now having their eyes opened.

Our hat's off to State Campaign Chairman Camden. As an organizer, hustler and general live wire he was always on the job. The Kentucky democrats owe him a vote of thanks.

"Our Personal Guarantee to all Skin Sufferers"

We have been in business in this town for some time, and we are looking to build up trade by always advising our patrons right.
So when we tell you that we have found the eczema remedy and that we stand back of it with the manufacturer's iron clad guarantee, backed by ourselves you can depend upon it that we give our advice not in order to sell a few bottles of medicine to skin sufferers, but because we know how it will help our business if we help our patrons.
We keep in stock and sell all the well known skin remedies. But we will say this: if you are suffering from any kind of skin trouble, eczema, psoriasis, rash or tetter, we want you to try a full size bottle of D. D. D. Prescription. And, if it does not do the work, this

High School News.

(By Jas. Cooper.)

The S. H. S. football team played the D. & D. school of Danville, Saturday and was defeated by the score of 14 to 0. The game was played on the C. C. grounds at Danville. Two of our star players were out of the game, and their substitutes hadn't practiced scarcely any with our boys. Spaulding Hill and Silas Anderson were the two, who were unable to play. This is the first season that the D. & D. school players have ever scored on our local team, but their team is far better this year than the former teams.

The lineup was as follows:

S. H. S.—Left end Wood; Left tackle, Farmer; left guard; Mobley; Singleton, center; right guard Davis; right tackle McCormack; right end, S. Embury; quarter back, Hucker; left half back, C. Coleman; right half back, T. Coleman; full back, J. Hill.

Miss Gertrude Wilkinson has been absent some.

The Phrean Society held its regular meeting in the auditorium last Friday afternoon. After the minutes were read the debate was begun. The subject for the afternoon was: "Resolved that Hawthorne Pictures real life in his Works better than Scott."

Miss Lucy Smith opened the debate, and Miss Ella Warren on the negative. Miss Elizabeth Matheny was the next affirmative followed by Clinton Coleman, for the negative.

Mr. James Cooper was the third affirmative and Miss Marion Grimes the negative. Miss Effie Baughman the last affirmative and Mr. Harry Reinhart the last negative. The judges were Mr. Walker, Mrs. Carpenter and Mr. Greer. Their decision was in favor of the negative 2 to 1. Piano selections by Miss McKinney, Singleton and McRoberts were enjoyed very much.

Miss Lucy Smith '14 was absent one day last week.

The Literary Society held its regular meeting in the high school room last Friday. The meeting was enjoyed by all.

A crowd of young people stormed Miss Effie Baughman at Mrs. A. B. Florence's home on Halloween night. The evening was enjoyed very much. Delightful refreshments were served at a suitable time, and each one departed thinking they had spent a merry Halloween. Those present were:

A Trial Gave Instant Relief—The Great Kidney Remedy Never Disappoints

Being broken down in health, suffering with Kidney Trouble, despairing of ever being well again, I was advised by a friend to try Dr. Kilmer's Swamp-Root which gave me instant relief, and after using several bottles, I am now sound and well, and can safely recommend Swamp-Root to anyone suffering with back or kidney troubles.

I also had rheumatism, and I have had more relief from Dr. Kilmer's Swamp-Root than any other remedy. A sufficient trial will convince anybody of the merits of Swamp-Root.

Stanford People have opportunity to hear Grand Opera Musicians

WE ARE unusually fortunate in being able to offer to the music lovers of this city this splendid New York success. The Neapolitans—all sons and daughters of sunny Italy, the land of music—have been a big musical success in this country, as well as in their native land. It is a complete orchestra under the direction of Signor Arturo Lamberti, one of the best directors of Italy. A special feature will be the serene music peculiar to the people of Naples—the entire company singing and playing. The principal vocal features, however, will be rendered by Signor Mario, tenor, and Mlle. Trevette, soprano, formerly of the Manhattan

opera house, New York city, and late of the grand opera companies of Italy. These two singers will appear in solos and duets. Another splendid soloist is Signor Tafto, violin virtuoso, who was a great success in Europe with the Adriatic Concert company of Italy.

WOMEN SHOULD BE PROTECTED

Against So Many Surgical Operations. How Mrs. Bethune and Mrs. Moore Escaped.

Sikeston, Mo.—"For seven years I suffered everything. I was in bed for four or five days at a time every month, and so weak I could hardly walk. I cramped and had backache and headache, and was so nervous and weak that I dreaded to see anyone or have anyone move in the room. The doctors gave me medicine to ease me at those times, and said that I ought to have an operation. I would not listen to that, and when a friend of my husband told him about Lydia E. Pinkham's Vegetable Compound and what it had done for his wife, I was willing to take it. Now I look the picture of health and feel like I, too, I can do my own housework, hoe my garden, and milk a cow. I can entertain company and enjoy them. I can visit when I choose, and walk as far as any ordinary woman, any day in the month. I wish I could talk to every suffering woman and girl."—Mrs. DEMA BETHUNE, Sikeston, Mo.

Murrayville, Ill.—"I have taken Lydia E. Pinkham's Vegetable Compound for a very bad case of female trouble and it made me a well woman. My health was all broken down, the doctors said I must have an operation, and I was ready to go to the hospital, and I was so that I began taking your Compound. WHAT SAVED HER LIFE

Mrs. Martin Tells About a Painful Experience that Might Have Ended Seriously.

Rivesville, W. Va.—Mrs. Dora Martin, in a letter from Rivesville, writes: "For three years, I suffered with womanly troubles, and had pains in my back and side. I was nervous and could not sleep at night. The doctor could not help me. He said I would have to be operated on before I could get better. I thought I would try using Cardui.

Now, I am entirely well. I am sure Cardui saved my life. I will never be without Cardui in my home. I recommend it to my friends."

For fifty years, Cardui has been relieving pain and distress caused by womanly trouble. It will surely help you. It goes to the spot—relieves the trouble—relieves the symptoms, and drives away the cause.

If you suffer from any symptoms of womanly trouble, take Cardui. Your druggist sells and recommends it. Get a bottle from him today.

PRESCRIPTION

For a Long Life.

This is the prescription for a long life given by an old gentleman in Connecticut, who is ninety-nine years old and still well and cheerful. "Live temperately, be slow to anger, don't worry, take plenty of exercise in the fresh air, and, above all, keep cheerful."

Should the system get run down—digestive organs weak—the blood thin and sluggish, take Vinol, which is a delicious combination of the medicine—body-building properties of cod's livers, with the useless grease eliminated and tonic iron added. We regard Vinol as one of the greatest body-builders and strength-creators in the world for aged people.

Mrs. Mary Ivey, of Columbus, Ga., says: "If people only knew the good Vinol does old people, you would be unable to supply the demand; it is the finest tonic and strength-creator I ever used."

We wish every feeble old person in this vicinity would try Vinol on our agreement to return their money if it fails to give satisfaction.

CAMPAIGN CHAIRMAN THANKS HIS CO-WORKERS

Hon. W. L. McCarty.

Campaign Chairman W. L. McCarty, who has so efficiently and aggressively managed the fight for Woodrow Wilson in Lincoln county and to those efforts to a large extent, the splendid showing made in this county, is due, has issued the following card of thanks to those who were associated with him in the campaign and helped in the great battle for democracy's triumph:

Stanford, Ky., Nov. 4.
To the Democrats of Lincoln Co.:—At the beginning of the campaign in this county on behalf of Wilson and Marshall, I was designated to act as county chairman. I took up the duties of that position feeling that it was a high privilege to be so identified with the campaign for the election of our nominees for the Presidency and Vice Presidency. I was confident also, that that same feeling would prevail among all democrats and every man would esteem it a favor to be allowed to aid in this fight.

In that confidence I was not mistaken. Never has a campaign chairman been more loyally assisted than I have been. Everywhere in the county there has been manifested eagerness to take part in the work of the campaign. I feel deeply grateful for this help, and I desire in this way to thank the Democrats of Lincoln County for the splendid manner in which they have cooperated with me, and with one another, in this election.

Especially do I feel under obligations to the various precinct committeemen and their chairmen. They have shown that zeal in their party's cause that is indeed worthy of emulation. Especially do I feel grateful to the untiring zeal and devotion to the cause of those two splendid democrats, K. S. Aleorn and W. S. Burch who have in season and out, neglected their own business, ridden and driven all over the county, and assisted very materially in the organization of the county. They and each of them have been on the job all the time. And their advice and assistance has been of very material benefit during the entire campaign as members of the advisory committee.

The Interior Journal and its splendid editor, have been of very material benefit during the entire campaign, and rendered valuable aid. We will win by a splendid majority.

Cordially,
W. L. McCARTY, Campaign Chairman.

Notable event in New York City. Gossip taking so much of my time I will sell at public outcry, on November 16, 1912.

The following telegram to the Lyceum News was received in New York: "At the annual meeting and public exhibition of the Society of American Magicians held at Carnegie Lyceum last night, this city, Laurant was the guest of honor, and at the close of his part of the performance he was decorated with a beautiful jeweled medal, an unusual distinction. The only other magicians on whom this honor has been conferred are Keller and Hermann. The meeting was attended by about three hundred of the magicians of America and Europe." Laurant will be seen in Stanford on Nov. 30th.

SAY OUR BOYS ARE 'FRAID

But Local Footballists Tell Somerset To Go and Earn a Rep.

The Somerset football team, which has been defeated six straight times by the Stanford school eleven, jumps into print in the Journal there with this effusion:

They're Afraid.

"At last boastful Stanford High School has refused to battle with our noble warriors of the gridiron! After defeating Somerset six times in succession and hearing that we have a somewhat better team than ever before, they seem to be afraid of suffering defeat at the hands of Somerset's husky players. They refused on the grounds that they have not the team they possessed before and that they could not play first-class high schools this year, owing to the loss of several of their players. By press reports we note that they defeated Lancaster High School this week by a score of 47 to 0. Do they call that 'not having a team'! Surely not. There is and can be but one way of looking at this refusal and that is they are 'skered' of us." Well, Stanford how about it? Will you play us or shall you be branded as 'yellow'?"

A Stanford football enthusiast suggests that the Somerset boys and earn a reputation before coming out with such stuff. Looks like six straight ought to have taught them a lesson.

Lincoln Man Had Booze

He pleaded guilty to the charge. He was captured by Officer R. D. Bruce night before last. Officers of Lincoln were notified and it is supposed that efforts will be made to fine Reed in Lincoln county.—Danville Advocate.

R-C-H "Twenty-Five" \$900

The Car Complete

You Can Pay More---But What More Will You Get?

We ask your investigation of the R-C-H on two plain statements: First, that no car at any price is more staunchly or sturdily built; second, that if you do not buy an R-C-H you will not get as great a value anywhere else.

A CAR THAT IS CHEAP ONLY IN PRICE

The R-C-H marks the biggest readjustment of the motorcar values in years. But the price is made possible by two things—quantity production, and a systematization of cost and factory problems such as we do not think the industry has ever before experienced. Our motto is: "Spend every dollar necessary for quality, but don't waste a cent." And it's wonderful what a difference the close application of that principle makes in the price of the car.

LEFT-SIDE DRIVE—CENTER CONTROL

Any other than a left-side drive is an absurdity under North American road rules. It is a wonder that American motorists tolerated a right-side drive for so many years; a greater wonder that manufacturers retained it.

The drive of the R-C-H is left-side; the control is center lever—out of the way, yet convenient to the operator's right hand.

Greater accessibility; greater interchangeability due to the extensive use of drop forgings. Ideal spring arrangement; perfect braking system—there are dozens of R-C-H features that must be seen to be appreciated.

Let us show them to you.

Little Stories for Women About Clothes—No. 3

To the Woman Who Cannot Afford to Make a Mistake

There's a classic old joke about the way to tell a toadstool from a mushroom. "Eat it—if you die it wasn't a mushroom."

You may smile at that—but do not thousands of women apply the same principle to buying clothes?

What method have you for telling whether or not the suit or coat you buy is made from all-wool cloths or is properly tailored? Have you any other test than to wear it—and if it does not keep its shape, learn too late that it was not properly made?

There are very few women who can afford to make a mistake in their expenditure for clothes. The difference between a thoroughly, carefully tailored suit, and one that is carelessly tailored is this:

A properly tailored suit, made from all-wool cloths, will give at least two seasons' full satisfaction.

The carelessly tailored suit, or one made from cotton mixtures, will give anywhere from a few weeks to a few months of near-satisfaction or of positive disappointment.

The woman who cannot afford to make a mistake must have some certain guide to her choice. We have given it to her.

If she buys a suit, coat or skirt with the Wooltex label in it, she is perfectly safe.

WOOLTEX GARMENTS are guaranteed for two full seasons' wear.

WOOLTEX GARMENTS are made from pure wool fabrics only.

WOOLTEX TAILORING is the very best that American tailors (the best in the world) know how to give.

WOOLTEX STYLES—well, come and see them for yourself. Exclusive, distinctive, refined, elegant. All that the woman of discrimination and taste can desire—with all the qualities of serviceability demanded by the woman of limited means.

Wooltex prices are moderate. Let us show you the supreme value they give.

Mr. and Mrs. W. P. White drove down to Somerset last week to visit Mr. and Mrs. John Merahan. While there Mr. White's nice driving mare got out one night causing that gentleman much trouble and worry. After a diligent search in that section he hired a horse and rode back home thinking perhaps she had come back to her own stable. Not finding her here he renewed the search and was delighted to find his equine friend had strayed away near Mt. Vernon.

Ruth, the bright little five year old daughter of Mr. and Mrs. George B. Colson died last Saturday night of diphtheria at their home one mile east. The remains were laid to rest in the Preachersville burying ground Sunday afternoon. The bereaved parents have our sympathy in their dark hour of sorrow.

Miss George Dunn, an untiring church worker is at home again after a visit to western Kentucky in the interest of the Christian Union in the State. She also attended the Christian church Convention recently held in Louisville.

The Woman's Club held their last meeting at the hospitable home of Mrs. R. E. McRoberts, who is the leader of the literary department. The subject for discussion was the "Old English Story Teller." Mrs. J. E. Robinson, Pres. suggested that a History Department be added to the Club's interesting course of work.

Mr. and Mrs. B. F. Robinson have returned from their bridal trip in portion of which was spent in Asheville, North Carolina.

The many friends of Miss Relia Arnold will be glad to know that she has sufficiently recuperated since her recent illness to again be in her millinery department.

A musical department has been added to the progressive woman's club in this city, and they held their first meeting last week at Kennerly Hotel, in which a most interesting program was arranged.

Work on the handsome new school building is being pushed more rapidly forward. Contractor Raymond hopes to have it under roof before the arrival of extremely cold weather.

FARM AT PUBLIC SALE

I will sell at public auction on Saturday, November 9, 1912

It has a good house of three large rooms, good fence around garden and yard, also some fruit trees, creek running through place and can strike water in 12 feet almost anywhere on the farm. Any man looking for a good cheap home should buy this place. It is in good condition. The last crops were all good, and it will raise tobacco and corn, oats, millet, brings fine clover anywhere on the place. All under fence. Possession given at once. THE "WAYSIDE" PLACE

U. S. EXPERIMENTAL STATION AND DEMONSTRATION FARM, COOPERATIVE DEPARTMENT OF AGRICULTURE, SOIL AND PLANT RESEARCH

KENTUCKY WAGON MFG. CO.,
LOUISVILLE, KY.

DEAR SIR:

This Experimental Station desires to advise you of the mechanical and working tests and the results of same as applied to all farm wagons submitted to its examination during the year 1911.

The standard of tests as applied to all wagons of farm construction are the same and the standard of perfection is 100%. The Kentucky Wagon Manufacturing Company's 3 1/4' size farm wagon complete, as submitted, produced a total percentage of 99.38%, showing practically a perfect wagon. The material, finish and construction; the set of wheels; the dish of the same; the alignment of front and rear wheels; the tracings of their circumference; the level of body on bolsters; the centering of bolsters, both rear and front; the perfect angle of standard to bolsters; the uniform centering of tires on bolsters; the alignment of yoke and of tongue with king bolt and center of rear axle (which produces a light and easy draft); together with the heavy coating of paint—go to complete the most perfect farm wagon ever submitted to us for examination. We also found that after submitting this wagon to a load of three times its rated capacity, and letting the load remain for 72 continuous hours, the recoil of wheels and axle was equal to the depression, which goes to prove conclusively that nothing but perfectly live timber and material entered into its construction.

We congratulate the Kentucky Wagon Manufacturing Co. upon making and selling the very best farm wagon that this Experimental Station ever had an opportunity to test.

Respectfully, we remain

November 23, 1912

at 2 o'clock P. M.,
in Hustonville, Ky.

We will offer for sale at public auction, our Flour Mill and Electric plant, on the following terms: One-third cash and balance in one and two years. Date of possession given on day of sale.

This mill is equipped with the best machinery on the market, and is putting out flour second to none; and is a paying investment. It is not a dead one when it comes to making money.

The Light plant is a new installation, consisting of a Wiley Generator, complete switchboard, and a storage battery; and one of the latest wrinkles in electricity. IT IS MAKING MONEY NOW, and has only been in operation about 90 days.

The purchaser of this property will get a bargain, regardless of the price, as it is not often that property of the money-making type is placed on the market and sold to the highest bidder.

The reason for selling, is to make a complete settlement of the D. M. Lippe estate, there being several heirs and most of them are located out of the state, and a complete settlement cannot be made until this property is sold.

The highest bidder will get this valuable property, as it will be sold absolutely without by-bid or reserve.

This mill is surrounded by one of the best farming sections in Kentucky, and produces wheat and corn sufficient to operate this mill twelve months in the year.

Hustonville is a desirable place in which to live: Good citizens, good schools, and everything to make it a desirable location for the mill. Don't forget the date.

W. D. Nave and R. A. Lipps, Mgrs.
